

Faculty, need help developing resources to allow for online delivery of your pharmacology teaching?

Students, looking for resources to help learn pharmacology?

Check out...

Pharmacology Education Project

www.pharmacologyeducation.org

@PharmacologyEd

The International Union of Basic and Clinical Pharmacology (IUPHAR) **Pharmacology Education Project (PEP)** is a freely accessible online learning resource intended to support education and training in pharmacological sciences worldwide.

PEP can offer you:

- ***high quality content that is appropriate to a range of courses***
The content is divided into four sections (**Pharmacology**, **Clinical Pharmacology**, **Drugs**, **Therapeutics**) each of which contains up to 20 modules, which in turn include a number of topics.
- ***links to relevant freely available resources***
Links have been suggested, reviewed and rated by pharmacology educators.
- ***a dedicated YouTube channel and SlideShare account***
These contain videos and presentations created especially for the Project (<https://www.pharmacologyeducation.org/social-media>)
- ***opportunities to contribute***
To contribute content to this growing resource, and fill in any gaps, visit the website or email admin@pharmacologyeducation.org.
